Revenue	\$780	\$820
Expenses	\$520	\$540
Operating Income	\$260	\$280
Margin %	33.3%	34.1%

Key observations

Revenue is tracking ahead of plan across all regions. The \$960K Q1 2027 projection reflects the APAC expansion ramp and two new enterprise contracts closing in December.

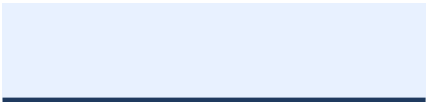

Expense growth at 14.8% YoY slightly outpaces the 13% target set in the annual operating plan. The primary driver is cloud infrastructure scaling for the EU data residency launch.
